Rest of World	766	9.66	411
TOTAL	2,732	26.38	1,439

Due to the changes in the ONS International Passenger Survey sampling points in 2005 (ie inclusion of Prestwick), 2005 results are not directly comparable with previous years. The overall increase in international visitors for 2005 compared to 2004 (2.39m and 1.88m respectively) was due partly to the inclusion of Prestwick airport for the first time as a sampling point. Previously data for international passengers travelling through Prestwick had been estimated using information from interviews at a sample of airports across the United Kingdom. The increase between 2001 and 2005 for countries using the Prestwick route is realistic, but should have been more evenly spread across the years.
