The Classics  
O2 ABC  
300 Sauchiehall Street

The Classics are a charismatic four-piece from Glasgow. Their music represents the alternative and indie rock scene of the modern day with the simplicity and catchy riffs/melodies that bands such as The Vaccines have been so successful with. This is paired with the darker alternative rock undertones running through the songs which were heavily influenced by The Strokes. The Classics have made an impact at their gigs due to their musical nonchalance mixed with their charming guitars sound and their raw, live musical style.
