DIRECTION OF TRAVEL – BUSINESS EVENTS

11. Advised that Business Events is one of the areas where we can, by our actions, make changes and that VisitScotland is looking to move from “tourism model” to “policy model” although BREXIT and funding outlined as the main obstacles.

12. Business Events are classified as Conference and Meetings; Associations; Exhibitions. Department are dedicated to business tourism as a core activity. Outlined National Bid Fund sector mechanism to meetings and referred to several events which can be linked to sector.

13. What do we want to do – reposition business events; change focus from secondary to primary outcomes; roll out 5-year line of business events; we want to be the national agency resource for business events and we want to be a strategy leader.

15. Budget – within 2 years bid fund will expire. Next steps to drive skills (economic and social) through business events.

16. Questioned if VisitScotland would be the first to go in this direction or if other countries used this model. Scotland is one of the smaller nations but Germany has a similar model as does Ireland, Singapore, Canada and Australia. Scotland would be playing catch-up but we are at the forefront in certain areas.

17. A meeting had been held with CEOs of SEC/EICC and AECC and Universities are on Board.
