About VisitScotland and EventScotland

VisitScotland is the national tourism organisation, with a vision to ensure that Scotland is a leader in 21st century tourism with a thriving, responsible visitor economy. Through strategic leadership and industry partnerships, VisitScotland encourages a responsible approach to re-building and growing the value of tourism, highlighting the benefits of tourism and events across Scotland in delivering the very best for our visitors, our businesses, our people, our communities and our environment.

EventScotland is a team within the Events Directorate at VisitScotland. EventScotland was set up in 2003 with the aim of strengthening and promoting Scotland’s events industry. The team at EventScotland led the development of the National Events Strategy, Scotland the Perfect Stage, the vision of this being to ensure that ‘Scotland’s reputation as the perfect stage for events is recognised nationally and internationally.’ The mission to deliver this vision is ‘To develop, through a One Scotland approach, a strong and dynamic events industry producing a portfolio of events and festivals that delivers sustainable impact and international profile for Scotland.’
Welcome to the National Events Programme

The National Events Programme is one of the core funds run by the EventScotland team, designed to assist in the delivery of the national events strategy, Scotland the Perfect Stage.

The programme supports the strategic development of events and it has been designed specifically to support public facing live sporting and cultural events, which take place outwith the local authority areas of Edinburgh and Glasgow and drive domestic tourism within Scotland.

The National Events Programme is designed to support new, innovative projects and activity at events which meet the programme criteria. Awards of between £5,000 and £25,000 are available to events which can demonstrate alignment with key impact areas identified in our national events strategy, Scotland the Perfect Stage. These events will have delivery budgets in excess of £20,000 and attract more than 1,000 in-person attendees, whilst showcasing Scotland’s key event and tourism assets.

Objectives

The programme objectives are to:

- Generate economic benefits for specific regions of Scotland and Scotland as a whole
- Attract visitors to specific regions of Scotland from other parts of the country and beyond
- Enhance the profile and appeal of the host region
- Inspire and involve local communities to confidently and responsibly engage with events, allowing people to benefit from community engagement
- Ensure that visitors and locals can enjoy Scotland’s tourism assets in a responsible way, while still protecting them for future generations

The programme is a strategic development programme and does not provide long-term, start up or core funding. It is designed to support project costs including additional elements, innovations or new activity aimed at enhancing and developing events.

Event Eligibility

- Events must take place in Scotland, outwith Edinburgh and Glasgow local authority areas
- The programme is open to public facing cultural and sporting events that take place in a live format (entirely virtual events are not eligible for funding through this programme)
- Events should have the capacity to further develop in terms of audience, spectator and participant numbers, visitor experience, accessibility, environmental sustainability or media profile
- Applications must be endorsed and/or supported by the relevant local authority/ies
- Applications must be made by legally constituted organisations. Alternatively, eligible groups will have a management committee, constitution and their own bank account
- Events being supported by EventScotland via any other funding programme will not be eligible to apply to this programme
- Events that secure funding through this route are not eligible to apply into any other EventScotland funding programmes for the same year
• A limit of three rounds of funding applies, having been reset from 2022. Events having previously received funding in 2022 will be eligible to receive up to two further awards from this programme, assuming all other programme criteria are met. Events having received three rounds of National Events Programme funding prior to 2022 will be eligible to re-apply.

• Financial support cannot be retrospective, and the requested activity must not already be in process.

• Whilst we are looking to see that event budgets are viable, applicants should also demonstrate a clear financial need for funding support to deliver the requested activity. Successful applicants will provide transparent and realistic budgets which are balanced, achievable and show other income sources.

• Funding cannot be offered through the programme to support certain types of events, details of which are included in the appendix at the end of this document.

• All applicants should take note of the Scottish Government’s Fair Work First principles. All applicants will need to comply with the mandatory requirements as set out in the application form. More information can be found in the Fair Work First guidance.

• Due diligence will be undertaken for all applicants; the financial health of the applicant organisation will be taken into consideration during the assessment process.

• Applicants should ideally have an organisation/business bank account, however if this does not exist additional finance checks will be required for verification purposes.

• A maximum of two individual events will be supported per applicant organisation per calendar year. If an applicant has multiple companies set up to deliver a range of events which apply to this fund, this will also be considered during the assessment process.

• Hired equipment to increase capacity
• Initiatives or developments aimed at enhancing the event’s environmental sustainability credentials and contribution towards responsible tourism in Scotland
• Specific new activity or event related projects which provide opportunities to inspire or engage the local community with the event or festival
• Initiatives or developments which improve accessibility and inclusion at the event or festival

The following are not eligible:

• Core event costs required to stage the event

• Funding gaps left by other funds being withdrawn

Assessment Criteria

Events will be assessed on their merits, and the EventScotland team will look at ways the event will create a positive impact for the host region and Scotland as a whole. Events are assessed in terms of their viability and event management experience as well as the five impact areas; Economic – Tourism and Business; Brand, Identity and Reputation; Media and Profile; Social and Cultural and Environmental Sustainability. The ability of events to deliver against these event impacts determines the support EventScotland can offer.

Viability

When assessing applications, the Events Team will be looking for evidence of the following:

• That the event organisers have sufficient proven experience in financial administration and event management, demonstrating the required skills to undertake the project
• That the proposed budget, event and communications plans are viable, transparent, realistic and achievable
• That the event has sufficient financial and in-kind support from other sources i.e. the Local Authority, sponsorship and/or investment from private sector organisations, ticket and other earned income
• That there is a clear financial need for public investment into the event from the National Events Programme, in order to deliver the requested activity. Events showing significant financial surpluses or deficits are unlikely to be awarded funding

The team will take into consideration the following when assessing events against the five impacts outlined in Scotland the Perfect Stage, the national event strategy. Read the full strategy online here.
