Request under The Freedom Of Information (Scotland) Act 2002

Thank you for your Freedom of Information request dated 31 May 2022, in which you requested the following:

1. What information is held on the political affiliation of board members and senior staff within your organisation

2. The current annual cost of press and media for your organisation, and the total number of personnel employed to handle press and media for your organisation

3. What guidelines have been issued to your organisation by the Scottish Government on press releases and media

On 10 June 2022, we wrote to you seeking clarification as follows:

On your second point, are you seeking to understand the number and cost of people directly employed for the purposes of producing press releases and dealing with external media enquiries for VisitScotland?

On your third question, what is meant by the term ‘media’ in this context? Is it relating to media enquiries?

On 12 June 2022 you responded with clarification as follows:

For the first point of clarification, yes, that is correct.

For the second, this can include guidelines issued by the Scottish Government covering how to respond to general press enquiries or information on what to say in responses to enquiries from the press (newspapers, the BBC, online journals etc).

We have considered your requests, and can respond as follows:

1. We do not hold any information on the political affiliation of board members and senior staff in the organisation aside from any affiliation contained in the Board members’ Registers of Interest.

VisitScotland Chairman Lord Thurso has declared interest as a Member of the House of Lords, as required this is published in his Register of Interests, available here.
