

Visitors with an interest in biking have been considered by VisitScotland in the development of the Bikers Welcome scheme which recognises the special efforts made by businesses to provide for motorcyclists, and to help them choose suitable accommodation.

BIKERS WELCOME SCHEME

Touring Scotland by motorbike is an increasingly popular activity. Many bikers enjoy the freedom of touring Scotland on a motorbike enjoying access to Scotland's dramatic scenery. Many clubs organise tours and rallies and seek out suitable accommodation en-route.

Many bikers only use their cherished machines for holidays escaping the rat-race of daily life when they use other forms of transport. The image of a biker has changed in recent years and many motorbikes are now seen as revolutionary in concept and design with many prestige and individual models for sale.

These motorbikes can be the "pride and joy" of the owner and they need safe secure parking and facilities for maintaining their machines in top condition both mechanically and visually. According to the Motorcycle Industry Association, motorcycle-related tourism expenditure in the UK is £569 million supporting 13,250 jobs.

There are some additional facilities and services required to meet the needs of the bikers combined with a flexible approach and a welcoming attitude. Those wishing to apply for the Bikers Welcome Scheme should display a positive attitude towards bikers and a genuine desire to meet and anticipate their particular needs.

To become a member you must provide the following and your VisitScotland Quality and Tourism Advisor will verify what the required facilities exist when they visit or for non Quality Assured customers a representative from VisitScotland will arrange to come along and verify.

BIKERS WELCOME SCHEME CRITERIA

1. A separate space should be available for drying outdoor clothing and footwear at an ambient temperature of approx. 30°C, so clothes can dry overnight. Dehumidifier can be used.
