

Visitors with an interest in walking and a concern for the environment have been considered by VisitScotland in the development of the Walkers Welcome Scheme which recognise the special efforts made by businesses to provide for them, and to help them choose suitable accommodation.

#### WALKERS WELCOME SCHEMES

Walking is the most popular activity undertaken by overseas and British visitors to Scotland.

Some visitors walk in the hills, some walk the long distance routes. Increasingly, visitors are encouraged to explore our towns and cities on foot.

Visitors have specific needs and it makes a positive difference to their experience if these needs are recognised and catered for. They appreciate having wet clothes dried overnight, the option to set off early in the morning without missing breakfast, or simply a welcoming cup of tea on arrival.

To become a member you must provide the following and your VisitScotland Quality and Tourism Advisor will verify what the required facilities exist when they visit or for non Quality Assured customers a representative from VisitScotland will arrange to come along and verify.
